Map of the City of New York  
showing the locations of the  
New York City Police Department  
offices and the New York City  
Fire Department stations.

NOTES

The map shows a city area with a grid system. The river is on the left, and the large green field is in the center. The grid of yellow squares is on the right. A red line runs vertically through the grid, and a blue line runs horizontally. Black dots are placed at various grid intersections, and some are labeled with numbers. A red circle is at the top right, and a black circle is at the bottom right. The word 'RIVER' is written vertically in red letters.

Notes

1. The path is to be constructed as a paved walkway with a width of 10 feet. It will be bordered by a 2-foot wide strip of grass on both sides.

2. The path will be constructed in two phases. The first phase will cover the area from the top left to the center of the map. The second phase will cover the area from the center to the bottom right.

Integration of the Project

The project is designed to be integrated with the existing infrastructure of the development. The path will follow the existing road network and will be constructed in a way that minimizes disruption to the existing landscape.
